Sub: Empanellment of Independent Technical Auditors by Central Vigilance Commission.

Dredging Corporation of India Limited, (DCI), Visakhapatnam which is under the administrative control of Ministry of Shipping, owns and operates a fleet of sophisticated ocean going dredgers and caters to the capital and maintenance dredging needs of a host of maritime organisations in India and abroad.

We would like to inform that Chief Technical Examiner's Organisation (CTEO) of the Central Vigilance Commission (CVC) is able to conduct examination of few contracts in a year in Public Sector Enterprises, whereas the number of the procurement contracts is much more.

CVC desires to conduct Annual Technical Audit of the procurement operations namely Civil, Marine, Mechanical, Electrical, Hiring of Services etc for the major Government Organisations with a view to asses deficiencies in policy by eminent persons from PSUs and Competent Professional Institutions for identifying omissions and malpractices involving undue gain to private parties, assess quality of Project Management and to suggest improvements.

Hence, CVC has proposed to carry out the Technical Audit by empanelling ***eminent persons from Government/PSUs and Competent Professional Institutions with requisite skills and experience and high integrity.***

Job description of Technical Auditor:

- Candidate should have Degree in Engineering from recognized university or equivalent for technical discipline and Degree in Law, MBA in Finance / HR for non-technical discipline.
- ***Candidate shall be a retired Government / PSU executive with minimum 25 years of experience after graduation. The service shall include minimum 2 years in SAG in Government or E-8 level in PSU and minimum 5 years field experience in Projects and experience in dealing with tenders / contracts.***
- Age below 70 years.
- Candidate should have a clear service record with high integrity
- Candidate shall be paid Rs.50,000/- per assignment with a condition of maximum 2 assignment per month.

- TA/DA and lodging is as applicable for grade at the time of requirement in the organisation from where he has retired or the organisation he is auditing.
- The auditor will also be allowed to take one Technical Assistant who has worked in the level of Asst. Engineer or E-2 / E-3 level in PSU and can be selected by him as per his discretion.
- The auditors will not work or conduct any private business or consultancy for the period he is attached in panel.

Interested candidates, who are willing to function as Independent Technical Auditor having experience in the fields of Marine, Mechanical and Civil and having experience in dredging, shipbuilding, ship repairs and allied services, are hereby requested to forward their bio-data with photograph at the earliest to the following address:
