DCI SECURES Rs. 88.51 Cr. CONTRACT FOR DREDGING OF
CHANNELS AND BASINS AT COCHIN PORT THROUGH
COMPETITIVE BIDDING

Dredging Corporation of India Limited (DCI) has been carrying out the maintenance dredging works at Cochin Port continuously since 2011-12. Cochin Port invited global tenders for Maintenance Dredging for the year 2017-18 during August 2017 which is one of the major maintenance Dredging projects in India. DCI participated in the bidding process and stood as the lowest bidder with Rs. 88.51 Crores, thereby successfully retaining the work in its order book for next year. The Dredging at Cochin Port is to be carried out throughout the year by Deploying two Dredgers.

DCI is the only PSU in the dredging field in India and is securing all major contracts through open competitive bidding process.
